A close-up photograph of a vehicle's engine compartment. The focus is on a white-painted metal plate with the identification number "EPEW-107452" stamped on it. The plate is mounted on a metal surface. Above the plate, there is a black plastic air intake duct with a grid pattern. Below the plate, there are various mechanical components, including a large, dark, curved metal pipe and a metal bracket. The overall appearance is that of a well-maintained but used engine compartment.
